What is perfect? Not me. I've been overworking for weeks. I go home and purchase some things. That I know will not fill my needs. Have a dose of what I've achieved. Then get lonesome and I critique. Who I am and what I believe. Make up standards too high to reach.

EXPERIENCE

Junior Web Developer

From 2012 to 2015 | Digital Dots

Thankful, I try to be, can't contain what's inside of me They don't like this side of me
'cause I lack in compliancy. I question what I can see if you're not playing my CD. No
expiring, I'll decide when I think it's my time to leave.

Web Designer

CERTIFICATES

Certified for compliance in the work area (2013)

My expertise are melodies, they talk to me when I'm hurt. Just let me be, eventually someday they'll see what I'm worth. I cross my I's and dot my T's, it makes no sense, but I've learned. No more to you is not me, the outcast finally returns

Certificate of attendance on computer technology (2016)
